Jeanne, Jeanne, Jeanne,

We have to talk about this before it goes to the TAC. Steve's entries leave a lot to be desired (to say the least). They are poorly written and half the time just report the table of contents ^{of an entry}. You can see my comments on this draft. We should also discuss whether we want to include all of the entries etc. It really needs some work if we want it to be a quality product. Can you meet w/ Cheryl and me on Thurs. 7/1? Let me know.
